

Charities : Current Issues

We will be hosting a breakfast seminar in Leicester on Wednesday 18 November.

The event will focus on recent developments affecting Registered Charities and will also discuss some of the areas that commonly present problems to trustees in relation to governance and the trustees' report.

The seminar will be chaired by Brian Carruthers, Partner of Thomas May and will feature a presentation by David Gallagher, charity specialist and lecturer with Mercia Group Limited.

We specialise in providing services for charities and the not for profit sector, including the production of a regular bulletin for these organisations.

The event, which begins with a light breakfast at 8.15am and runs until 10am, has limited places available. If any representatives from Registered Charities wish to attend, please contact:

Lynda Gaskell on 0116 2335959 or
